Woodcrest Residents Went All In for Hospital Days

The first week in August was especially busy here at Woodcrest as residents were creating our fantastic Winnie the Pooh themed float for the New London Hospital Days Parade. Thank you to all the Residents and staff who spent their afternoons painting signs and helping to make costumes for the parade. We all had a blast along with a beautiful day for a parade

AUGUST Review and Pictures

The first week was consumed with creating our fantastic Winnie the Pooh themed float for the New London Hospital Days Parade. Thank you to all the Residents and staff who spent their afternoons painting signs and helping to make costumes for the parade. We couldn't have done it without you!

We were lucky to take two trips to the NL Barn Playhouse this past month and are already looking forward to what shows are in store for next year. Did you know that The New London Barn Playhouse is one of the oldest continuously operating summer theaters in the country. Housed in a historic converted barn, the theater features professional Broadway actors alongside emerging young artists. The Barn has received countless accolades, including the prestigious Moss Hart Award for Excellence in Professional Theater.

Some beautiful sunny days made for perfect weather to visit Musterfield Farm Stand in Sutton and Pleasant Lake.

We also enjoyed a trip to Winslow State Park. Winslow State Park, is located on the northwest slope of Mt. Kearsarge in Wilmot, New Hampshire. The picnic area is on an 1,820-foot plateau with outstanding views of the White Mountains to the north and the taller of the southern and central Vermont peaks. Mt. Sunapee, Ragged Mountain, and Pleasant Lake dominate the closer landscape.
